

GUIDELINES FOR IPV VISION MAPPING TOOL™

STEP 1 - In the Center Box, write in your Most Important Dream. Use specifics and details of how you want to see yourself in the future. Include information on:

- WHO you want to become
- WHAT you want to obtain or accomplish
- WHEN you want to receive it
- HOW it will affect you financially, socially, physically and mentally

STEP 2 - From the dream, write in 4 of your greatest strengths related to dream beginning with #1 being the greatest strength you possess. In choosing your strengths, consider the following questions and what strengths typically arise from you in each:

- How do I respond to challenges?
- How do I treat others?
- What do I typically do to succeed in life or business?
- What gifts or talents do I LOVE to exhibit or demonstrate personally or professionally?
- What do people often say about me in a positive light?

STEP 3 - From each strength, develop a list of your past experiences and present affiliations or resources which have developed you in each of the 4 strengths (abbreviate and use the lined boxes for additional notes)

- Credentials – Certifications, College Degrees, Training, etc.
- Resources – Connections, Education, Online Sources, Tools, Efficiencies, Finances, etc.
- Successes – Awards, Personal & Professional Accomplishments or Wins, etc.
- Goals – Specific areas you need to work on to refine that strength in order to reach your Most Important Dream

STEP 4 - In the bottom yellow box at the bottom, write in your completed Vision Statement based on this exercise & beginning with "I AM"

VISION = A precise and clearly defined goal which identifies the future outcome desired.

- TIP #1** - The more specific you are in creating details and goals along with deadlines and accountability, the more likely you are to see your vision come to fruition.
- TIP #2** – A well written vision statement is ALWAYS in present tense, it should intimidate you but also excite you all at the same time.

**Feel free to work this out directly on the tool or on a separate word document.
Once it is written, keep it in front of you and align your schedule & decisions with it.**
